

To whom it may concern: Have you been on a long trip B4 listening 2 your favorite music or may be U R a Nascar fan listening 2 a race. 5 miles down the road your driver is in the lead and you just lost your signal. then U find out the next day that your driver has lost. But, U don't know why because U lost Signal. I can Run From New York city 2 Los Angelos Ca. Listening 2 the same station.

U guys want to talk about tired truckers. I hardly ever see a truck driver anymore with out an Xm radio. I love my Xm. It keeps me busy, alert, and most of all happy on the road. I leave the house on Sun. eve. and come home Fri. eve. or Sat. Morn. This is my way of life. I have had my radio since last Sept. my wife bought it 4 me 4 my B-day. It Is always on.

Have U ever listened 2 Xm!!!!!! Very funny comedians on 3 different channels. I Used 2 watch sports center at home b4 becoming a trucker every day. 4 the past 9 yrs b4 xm I did not have the option of being informed of sports, News, current events, and political views of america left and right. Thx Mike
